

**INDIAN FARMERS FERTILISER COOPERATIVE LIMITED
PARADEEP UNIT**

Unit Head's Message through Circular

Date: 08.12.2023

To,

IFFCO Paradeep Employees, Township residents and School Children

Sub: Celebration of Energy Conservation Week from 8th to 14th December, 2023

We feel proud to be a part of the country's topmost cooperative fertilizer organization which is the largest producer of fertilizers in the country. We are continuously moving on the path of progress by achieving high standards of Productivity, Safety, Environment and Energy conservation and there is further scope for improvement.

This year we have received many awards in the field of energy conservation, safety, environment & productivity. This has become possible due to continuous dedication and hard work from each one of you for the organization.

Energy Conservation Week holds significant importance for those of us in the Industrial Sector, providing an opportunity to reaffirm our commitment to energy conservation. In September 2023, the Paradeep Unit achieved a noteworthy milestone by retrofitting its power-generating turbine with a new extraction cum condensing turbine, resulting in a substantial steam savings of approximately 50 TPH. Energy Saving certificates, acquired through the PAT scheme because of our past energy saving initiatives, were traded during this year. Furthermore, the Paradeep Unit received successful re-certification for its Energy Management System ISO 50001:2018 in October 2023, valid for the next three years. Despite these achievements, there remains untapped potential to further decrease energy consumption. This can be realized through a targeted approach to implementing energy-saving measures, minimizing plant breakdowns, and conducting regular energy audits.

In order to encourage the spirit of energy conservation, this year IFFCO Paradeep management has decided to celebrate Energy Conservation Week from 8th to 14th December 2023 where various competitions for employees & dependents would be conducted.

It is my earnest request to every member of Paradeep Unit to participate wholeheartedly in every event for making it a grand success. IFFCO believes in very high standards of Productivity, Energy Conservation, Safety & Environmental Protection and I request my dedicated team of IFFCO Paradeep to make all efforts to save energy. Let us all pledge to conserve energy at all levels in our workplace and home.

K. J. Patel
Unit Head
