Sub: Precautions to be undertaken for heavy rainfall due to cyclone "ASANI"

The cyclonic storm "ASANI" is expected to gradually weaken as it reaches the coast of Odisha. In view of this, employees & residents of Township are requested not to panic as there is only likelihood of heavy rainfall at Paradeep. However, all employees and residents are requested to be prepared and take the following precautionary measures:

1. Keep sufficient stock of grocery, medicines and eatables like biscuits, milk, etc. at least for some period;
2. Keep sufficient quantity of drinking water in the house since water supply in the township and factory may get affected during the peak cyclone period;
3. Keep candles, emergency lights, torches, etc. since there may be prolonged power failure in the township and factory;
4. Keep your Mobile fully charged; if Power bank is available, the same should be kept fully charged;

All employees and residents of Township are requested to take suitable precautions as above.

Cooperation of all is highly solicited.
