SWACHH BHARAT ABHIYAN

Dear Friends,

Together we all can make change in the society and that is the cooperatives strength. Being a cooperative, we should take the Beaton of on going campaign "SWACHH BHARAT ABHIYAN" initiated by our Hon'ble Prime Minister. I strongly believe that it's only WE who can make change in the society. I am glad to share with you that IFFCO has joined the "SWACHH BHARAT ABHIYAN" and pledged to contribute `10 Crores for this year.

We will certainly keep on contributing towards this.

Friends, it's not only this, We will also take this campaign forward in our Farmers Development Programs and other developmental initiatives. On this occasion I appeal to all employees of IFFCO, its associates & subsidiaries in India to implement this. I also appeal everyone to contribute their part and do SHRAMDAN in their respective manufacturing units and marketing zones.

I further extend my appeal to all member cooperatives of IFFCO to take this initiative forward.

Friends, let's make this initiative as part of our life and make our Bharat Swachh.

Clean Bharat, Healthy Bharat.

With Regards

U. S. AWASTHI
(Managing Director)
