

No.PDP/P&A/Estate/2010

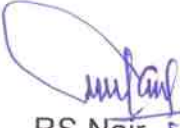

Dated 13<sup>th</sup> December, 2010

Sub: Maintenance on water supply line

The pipe line from the overhead water tank in the Township will be taken up for repairs/maintenance today the 13<sup>th</sup> December, 2010. As a result of this job, water supply to Township residents staying in D type, E type and Old C type quarters will be stopped from 2 PM to 4 PM today. Water supply will be restored after 4 PM.

All the residents are, therefore, requested to store sufficient water for their use for the above period.

This is issued with the approval of competent authority.
