CIRCULAR

Sub: Cooperation by township residents for making our environment clean and support in encouraging daily garbage segregation habits for future

As all are aware that IFFCO Paradeep is observing "Swachhta Pakhwada" from **1st September to 15th September 2019**. In this regard township residents including shopkeepers and other agencies have to play vital role in stopping the use of plastics and adopting eco-friendly practices.

A Bio-Degradable Compost Machine is going to be installed in the township soon, which will require residents to separate the bio-degradable items and non-biodegradable items and utilized for composting.

1. All the employees must take Swachhta Pledge at Admin Building portico or **online** Swachhta Pledge.
2. All the employees and residents are advised to segregate household garbage into bio-degradable and non-biodegradable in the dustbins already provided to them, thereby helping in effective segregation.
3. Shopkeepers in township are strictly advised to provide biodegradable carry bags only.
4. All the township residents are advised to adopt **Bring Your Own Bag (BYOB)** habit and not to use or accept plastic carry bags for shopping.
5. All the residents are advised not to bring plastic carry bags from outside the Township.

All the residents are advised to follow the above to stop usage of plastic carry bags completely and make the Township plastic free. This issues with the approval of competent authority.
