

**INDIAN FARMERS FERTILISER COOPERATIVE LIMITED  
PARADEEP UNIT**

Unit Head's Message through Circular

Date: 12.12.2019

To

IFFCO Paradeep Employees, Township residents and Children

**Sub: Celebration of Energy Conservation Day on 14<sup>th</sup> December, 2019**

We feel proud to be a part of country's top most fertilizer cooperative which is the largest producer of fertilizers in the country. We are continuously moving on the path of progress by achieving high standards of Safety, Environment, Productivity, and Energy conservation and there is further scope for improvement. Apart from that we give emphasis on good environmental management practices, usage of alternative sources of energy, waste minimization and reduce / reuse / recycle philosophy.

This year we have received many awards namely FAI Environment Protection Award, Kalinga Safety Gold Award, 2<sup>nd</sup> Best Importer Award by Paradeep Port and Environment Excellence Award. This has become possible due to continuous dedication and hard work from each one of you for the organization. This year is being celebrated as Year of Improvement and I am sure each one of you is constantly thinking and working to bring about improvement in all aspects of activities.

14<sup>th</sup> December is an important day for all of us in the Industrial Sector for reasserting our actions toward Energy conservation. The Energy Consumption for the current year is lowest in the last 8 years & we aim to decrease it further. As part of Energy conservation and continual improvement, Management has implemented ISO 50001:2011-EnMS in Paradeep Unit. I would now urge the employees and township residents to come forward and help in increasing awareness on the importance of saving energy, especially among our young generation.

In order to encourage the spirit of energy conservation, IFFCO Paradeep management conducts awareness campaigns frequently involving employees, township residents and school children. This aims at sensitizing them towards issues of energy conservation. Main activities of this year's campaign are Quiz competition, Slogan competition & Suggestion competition for employees, Painting Competition for school students & rewarding families with least electricity consumption. Winners will be felicitated on Energy Conservation Day i.e. 14<sup>th</sup> December.

It is my earnest request to every member of Paradeep Unit to participate wholeheartedly in all the events and make them grand success. IFFCO believes in very high standard of Productivity, Energy Conservation, Safety & Environmental Protection and I request my dedicated team of IFFCO Paradeep to make all efforts to save energy. Let us all pledge to conserve energy at all levels in our workplace and home.

  
K. J. Patel
