4th April 2020

CIRCULAR

Sub: Strict action against township residents throwing garbages in open spaces through balcony/windows

As you are aware that due to the lockdown and consequent shortage of manpower, the manual collection of garbages has been stopped as the housekeeping manpower is unable to attend the duty.

Inspite of our instruction through circular on 24-03-2020, many residents of Township are throwing waste food materials, disposable items, garbages etc. in the open spaces near to their residential quarter, which is viewed very seriously by the Management.

All the township residents are hereby informed to stop this unhealthy practice and dispose the waste materials in the dustbin provided to the respective areas.

In this pandemic situation, we need to fight together and support each other.

Further, if such type of practice found continue, necessary action as deemed fit will be taken against the concerned residents.

Cooperation is solicited from all residents of township.
