**Message**

I am pleased to learn that IFFCO is observing its 'Vigilance Awareness Drive 2019' from 31<sup>st</sup> October, 2019 to 1st November, 2019. IFFCO has been a pioneer organization in inspiring its employees to lead a life that combines righteousness and honesty.

Vigilance Awareness Drive by IFFCO is a valuable platform to build a mass movement of sensitisation by conducting various outreach activities for spreading awareness amongst all its stakeholders, namely its employees, their dependents, vendors, contractors and member cooperative societies about our procedures and their role in Preventive and Participative Vigilance. This will definitely enhance efficiency, transparency, accountability & adherence to rules by all in line with organisational requirements.

I extend my best wishes to all IFFCO employees for observance and success of 'Vigilance Awareness Drive 2019'.
